Disclaimer

- This presentation was prepared and is being published by the Puerto Rico Fiscal Agency and Financial Advisory Authority ("AAFAF") as part of the ongoing evaluation of financial matters of the Government of Puerto Rico, including certain of its public corporations and its instrumentalities (the “Government”). The information contained herein provides the cash balances of Government accounts as of the dates indicated but is not intended to provide an analysis of the source of these funds or their adequacy to satisfy the Government’s liquidity needs. Government creditors and other third parties should not rely on this information to make any investment decision regarding securities issued by the Government or any instrumentality thereof.

- The account balances included herein are based on information AAFAF obtained from governmental instrumentalities and financial institutions as of the dates indicated as part of an ongoing review of the bank accounts and balances of the Government and its instrumentalities. AAFAF has not validated all the information received and, as a result, cannot and does not assume any responsibility for the accuracy of such information. As additional information becomes available and the validation process is completed, there could be material changes to the information contained herein.

- The account balances included herein are provided to show the cash position as of specific dates, and this presentation does not purport to provide, nor take into consideration, any changes since such dates. Such balances are expected to change, potentially materially, on a day to day basis based on, among other things, the financial needs of the Government and its instrumentalities, as well as judicial determinations regarding such funds.

- The information contained herein regarding the restricted or unrestricted nature of any cash balance is preliminary and subject to further analysis.

- The account balances included herein have not been confirmed through an audit conducted in accordance with generally accepted auditing standards, an examination of internal controls or other attestation or review services in accordance with standards established by the American Institute of Certified Public Accountants or any other organization. This document does not constitute an audit of compliance with any federal law, rule, or regulation.

AAFAF started its efforts to identify government bank accounts and their balances to obtain a comprehensive view of the cash position of the Government. Requests were sent to governmental instrumentalities, the Office of the Commissioner of Financial Institutions (“OCIF”) and various commercial banks.

Based on the information obtained, AAFAF prepared an inventory of bank accounts across governmental instrumentalities, including those outside the scope of the fiscal plans submitted to the Financial Oversight and Management Board for Puerto Rico (“FOMB”).

The exercise and the inventory described in this presentation, which had not been conducted by prior administrations, obtained information on +800 bank accounts. AAFAF now has centralized access to bank account information for most of the Government.

AAFAF has conducted this process in consultation with the FOMB and its advisors, and has been providing periodic reports to the FOMB since July 2017.

On October 31, 2017, AAFAF commenced publishing weekly cash flow reports for the TSA on its website and EMMA. On December 18, 2017, AAFAF commenced reporting on month-end cash balance position of the bank accounts included in this presentation to provide additional transparency.

On December 18, 2017, the FOMB announced that it would conduct an independent forensic investigation of the information on Government bank accounts published by AAFAF. On February 6, 2018, the FOMB announced the retention of Duff & Phelps, LLC (“D&P”) to conduct this forensic analysis.

The information presented excludes certain funds as set forth in the “Excluded Funds” slide.

- Reported on a weekly basis on AAFAF’s website.
- Accounts that collect income and completely pass through to TSA on a daily basis.
- On January 17, 2019, the Commonwealth, as grantor, and the Retirement Board for the Government of Puerto Rico, as administrator, created a trust pursuant to Act 106-2017 to hold temporarily in said trust individual employee contributions to be credited to their defined contribution retirement accounts. As of February 28th, 2019, the balance on the Trust accounts was of $372.7 million of such contributions at the trust.
- Also included, the repayment of employee loans issued by the retirement system ($261M).
- $622M at US Treasury pertaining to the PR Unemployment Trust Fund from the Department of Labor
- $465M federal funds administered by the Public Housing Authority.
- $212M lottery related funds.
- Balance previously on deposit at BNYM and subject to the Third Amendment Title III Plan of Adjustment of the Debts of Puerto Rico Sales Tax Financing Corporation (“the COFINA Plan”). The United States District Court for the District of Puerto Rico confirmed the COFINA Plan by amended order dated February 5, 2019. The COFINA Plan became effective on February 12, 2019, and such funds were distributed pursuant to the Plan. Given the resolution of ownership of future SUT by the COFINA Plan, AAFAF does not intend to include COFINA bank account balances in this summary going forward.
- The balance shown on the COFINA accounts as of 2/28/19 reflects operational funds post-effectiveness of the Plan of Adjustment.
- ERS related accounts ($372M), GO Redemption Fund ($268M), and clawback funds ($147M).
- Refer to the PREPA slide for breakdown of classified accounts.
- Refer to the PRASA slide for breakdown of classified accounts.
- Refer to the HTA slide for breakdown of classified accounts.
- Refer to the UPR slide for breakdown of classified accounts.
- State and federal funds used mainly for payments of health insurance premiums and claims.
- Government entities with autonomous fiscal authority established by law.

1 Except for accounts with an aggregate balance of $52M (27 accounts), which have not been updated as of the indicated dates.
2 Refer to the footnotes on Slide 19 for Appendix A, on revised, reclassified and newly incorporated accounts.

1 Includes Zero Balance Accounts which are accounts used for disbursements of vendors payments, payroll and pensions. These accounts make disbursements and are automatically replenished from the TSA account.

- The TSA is the Government’s main operational bank account in which a majority of receipts from governmental funds are deposited and from which most expenses are disbursed.
- It includes tax collections, charges for services, intergovernmental collections, the proceeds of prior short and long term debt issuances held in custody by the Secretary of Treasury for the benefit of Government fiduciary funds, and other receipts.
- Account used for Government receipts from all the collection posts Island wide and the web based platform, known by its Spanish name as *Colecturía Virtual*. Receipts in collections posts account sweep daily to the TSA.
- Account used for consolidated receipts of Sales and Use Tax. Balances are swept on a daily basis into accounts held by the trustee of the COFINA bonds, the General Fund and/or the Municipal Administration Fund.
- Account used to receive amounts collected by collection officers at the agencies mainly for charges for services and fees. Receipts in agency collections posts account sweep daily to the TSA.

On January 17, 2019, the Commonwealth, as grantor, and the Retirement Board for the Government of Puerto Rico, as administrator, created a trust pursuant to Act 106-2017 to hold temporarily in said trust individual employee contributions to be credited to their defined contribution retirement accounts. As of February 28, 2019, the balance of the Trust accounts was $417 million. The Commonwealth does not claim any interest in the funds held in the Trust.

Also included, the repayment of employee loans issued by the retirement system ($271M).

Pay-go charges include balances from payments made by municipalities and public corporations in connection with benefits paid to retirees. These Pay-Go related charges are being deposited in a separate specific account, and now programmed to sweep back to the TSA account for reimbursement of pension payments pertaining to Municipalities and Public Corporations.

- The Puerto Rico Sales Tax Financing Corporation ("COFINA") was created pursuant to Act No. 91-2006, as amended, and, prior to the commencements of its Title III proceeding, had issued bonds payable solely from a portion of the sales and use tax imposed by the Government on qualified transactions.

- Sales and use tax collections are consolidated at an account at Banco Popular de Puerto Rico ("BPPR").

- Amounts are swept on a daily basis into corresponding accounts at BNYM, as trustee for the COFINA bondholders, the Puerto Rico Treasury Department and/or the Municipal Administration Fund.

- As of January 31, 2019, subject to orders of the Title III Court, COFINA’s Ammended and Restated Sales Tax Revenue Bond Resolution, as amended on June 10, 2009, (the “2009 Resolution”), governed application of funds held by BNYM. BNYM applies the funds received from BPPR pursuant to the waterfall set forth in the 2009 Resolution. BNYM also receives certain funds from the Federal Government in connection with certain bonds issued by COFINA that receive a federal interest subsidy. The funds on deposit at BNYM may solely be used to pay COFINA bonds and obligations.

- Balance as of January 31, 2019 was restricted pursuant to the court order issued by the United States District Court for the District of Puerto Rico in Adversary Proceeding Nos. 17-133-LTS and 17-257-LTS in COFINA’s Title III proceeding under PROMESA.

- The COFINA Pledged Sales Tax Base Amount deposit requirement for FY19 has been met. Further allocations of the 5.5% Sales and Use Tax transferred through June 30th, 2019, go to the Commonwealth’s General Fund.

- Given the resolution of ownership of future SUT by the COFINA Plan, AAFAF does not intend to include COFINA bank account balances in this summary going forward.

- The balance shown on the COFINA accounts as of 2/28/19 reflects operational funds post-effectiveness of the Plan of Adjustment.

---

1 Under the 2009 Resolution and then-applicable by law, first revenues up to the “Pledged Sales Tax Base Amount” for the particular fiscal year are deposited with Bank of New York Mellon, as COFINA Trustee. Then, an amount equal to the amount deposited with the COFINA Trustee is transferred to the Government’s General Fund. All other amounts after the Government has received such amount are divided equally between COFINA and the Government. Modification to the foregoing became effective on February 12, 2019.

2 Corresponds to the 4.5% sales and use tax surcharge.

Premium Payments Account receives federal and state funding, and makes disbursements for Managed Care Organizations ("MCO") premiums.

The Control Account receives monies from the Rebates and Operational accounts, and makes disbursements for MCO premiums, and general overhead and payroll expenses.

The monthly reduction is a timing variance related to receipt of offsetting federal funds related to the federal Bipartisan Budget Agreement, incremental to the approved FY18 federal funds budget, and the related discontinuation of Commonwealth funds to ASES.

The Operational account receives monies from appropriations of approximately $4M per month and additional $4M to $5M from federal administrative reimbursements.

Each day cash is swept into the control accounts, which brings balance to zero in Operational Account. The Rebate Account operates the same way in that monies are swept from it to Control Account.

### Notes

- Decrease of $1.9M in operational account balances is primarily due to an decrease in money market account at BPPR.
- Approximately $280.8M, or 94.0% of UPR operational funds are held in five (5) accounts managed by Central Administration, $154.2M of which are restricted:
  - $158.7M market value of a securities account ($90M internally restricted)¹,
  - $51.3M in a money market account ($15.5M² restricted),
  - $33.9M in hurricane insurance proceeds account (restricted),
  - $22.1M in concentration account (unrestricted),
  - $14.8M in Pell grant account at Recinto de Mayaguez at BPPR (restricted).
- Approximately $14.1M is in thirty nine (38) active Banco Popular bank accounts managed by UPR, or its units, which typically contain deposits of federal student aid ($14.0M restricted).³
- Increase of $5.4M in component unit account balances mainly due to increase in Retirement System accounts.
  - $16.0M in 4 accounts at Servicios Médicos Universitarios, Inc. (“SMU”) ($8.3M restricted),
  - $15.7M in 12 accounts at DUI ($14.3M restricted),
  - $4.8M in 2 restricted accounts related to Retirement Systems,
  - $2.2M in 2 restricted accounts at University of Puerto Rico Parking System Inc.,
  - $0.3M in 2 accounts at Materials Characterization Center, Inc. ($0.1M restricted).
- Increase of $3.0M is primarily due to scheduled funding deposits required for the biannual debt payments according to the UPR Bond Trust Agreement. Next payment is due in June of 2019.
- Three restricted US Bank accounts related to debt service obligations on UPR revenue bonds.

In general, the unrestricted account balances in operational accounts are used as working capital for payments of the ordinary obligations of the University, which are not subsidized by other sources. For example, accounts payable, budget deficits (including those related to UPR’s Retirement System), and needs resulting from spend/reimbursement timing and uninsured portions for 2017 hurricane damages.

---

¹ Building and Facilities (Molecular Sciences/Plant Nursery): $7.8M; Endowment Fund: $6.2M; Perkins Federal Program: $1.0M; Donations: $0.5M.
² Overall balance also includes restricted funds totaling $0.8M in two accounts at Banco Santander and $3.4M at UBS.
³ Confirming whether there are other legally separate entities, under the UPR structure that could have additional bank accounts. For example, totals do not include approximately $51M in restricted endowment funds held in a separate bank account at BNY Mellon. Will continue to update disclosure as information is available and validated.

---

1 UPR purchased T-Bills with monies from the BPPR money market account in three trades, each $50M - with maturities of only 30, 60 and 90 days, most of which has been earmarked for Capital Expenditure projects.
2 Confirming whether there are other legally separate entities, under the UPR structure that could have additional bank accounts. For example, totals do not include approximately $51M in restricted endowment funds held in a separate bank account at BNY Mellon. **Notes**

- Almost all of the balances include unrestricted operational accounts for premium collections and concentration purposes. The remaining balance consists of reserve and operational pass-through accounts.
- The majority of these funds represent investment reserves for the purposes of meeting future benefit payments, a standard operating procedure of insurance providers. The remaining amounts are mostly used for operational expenses.
- $63.8M in debt service reserve accounts, $7.3M related to room tax revenues and the rest are funds in operational accounts.
- The majority of the balances include operational accounts including sweep and deposit accounts. The remaining balances consist of restricted/reserve accounts.
- A portion of the balances are composed of restricted accounts including debt service, escrow, and federal funds. The remaining accounts are unrestricted operational accounts.
- Most of these funds are deposited for specific uses including, but not limited to, debt service reserves, incentive payments established by law, and capital expenditures. Remaining funds are mostly used for PRIDCO and Rums of PR operating expenses.
- Description included in Appendix C.
