## Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly actual results YTD FY20 compared to the FY2019 actual results.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:
  - The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.
- This report reflects actual results versus the same period prior year. The FY20 liquidity plan is under development, once complete, the weekly report will reflect a comparison to liquidity plan along with the traditional supporting schedules.

(figures in Millions)

Bank Cash Position	Weekly Cash Flow	YTD Net Cash Flow	YTD Net Cash Flow Variance

## YTD Net Cash Flow Variance (FY20 versus FY19) as of September 27, 2019

Cash Flow line item	FY20 vs FY19 Variance	Comments
1 State Collections	456	1. YTD receipts have outperformed prior year, largely on the strength of corporate income tax collections. A portion of the outperformance can be attributed to a one-time tax payment related to M&A activity.
2 GF and SRF Vendor Disbursements	192	
3 FEMA Cost Share	68	2. YTD state funded vendor disbursements are lower than prior year. In FY19, there was a larger than normal backlog of prior year invoices that were disbursed within the first 60 days of FY19.
4 Public corporation loan repayment	(126)	
5 All Other	(18)	3. FEMA cost share payments in FY20 for central government agencies have continued to be lower than the same period in FY19.
<b>Total Variance</b>	<b><u>\$ 572</u></b>	4. Puerto Rico Central Government loaned \$300M to PREPA pursuant the Superpriority Post-petition Revolving Credit Loan Agreement in February of FY2018. It was fully repaid in FY19. 5. With the anticipated decline in medicaid funding due to the expiration of BBA funding, ASES is receiving a higher monthly appropriation from the General Fund in FY20. The increased ASES appropriation is partially offset by lower appropriations to UPR.

*FY20 TSA Cash Flow Actual Results - Footnotes*

Footnotes:

- (a) Represents FY2019 actual results through September 28, 2018
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, and others. Additionally, as of the date of this report, the "Other State Collections" line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (e) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (f) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (g) Includes Federally Funded Employee Retention Credits.
- (h) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.
