Introduction

- Enclosed is the weekly Treasury Single Account ("TSA") cash flow report and supporting schedules with weekly actual results YTD FY19 compared to the FY2019 Liquidity Plan. Note that on September 6, 2017 Hurricane Irma made landfall on Puerto Rico, followed by Hurricane Maria on September 20, 2017. Variances that arise when compared to the prior year may be largely driven by differences in September and October in the comparable period in FY18 and are largely driven by the DTPR's limited ability to make disbursements and collect receipts immediately following the hurricanes.
- TSA is the Commonwealth's main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.
- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.
- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.
- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.
- Data limitations and commentary:

The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

COFINA Plan of Adjustment settlement amounts were received throughout the week ended February 15, 2019 in accordance with the approved Title III COFINA Adjustment Plan. This variance is mostly temporary, as these inflows were originally projected in June (pg. 12).</p> <p>2. State collections which primarily consist of the General Fund revenues (excluding SUT \$412M in COFINA Plan of Adjustment settlement amounts) are ahead of plan.</p> <p>3. Total difference between projected and actual Federal Fund net cash flows (FF inflows less FF outflows) is driven by temporary variances due to receiving funds for Medicaid, Nutritional Assistance, disaster-related expenditures, and other federal programs in advance of their subsequent disbursement.</p> <p>4. YTD variance due to excess revenues collected by PREPA that were applied to the repayment of the \$300M loan extended to PREPA by the Central Government. As of the date of this report, the full loan amount has been repaid.</p> <p>5. Paygo receipts reflect a \$172M positive variance as public corporations and municipalities pay current and prior year past-due amounts (prior year debt not included in forecast). Also contributing to the positive variance, FY19 municipality receipts were not included in the budget and therefore not included in the Liquidity Plan.</p>

YTD TSA Cash Flow Summary - Actual vs LP

YTD Actuals vs. Liquidity Plan

YTD net cash flow is \$4,203M and cash flow variance to the Liquidity Plan is +\$2,282M. The cash build in FY19 is largely due to strong General Fund collections; on track spending; temporary surplus of federal funds received in advance of disbursement; \$412M in COFINA Plan of Adjustment settlement amounts; and enhanced federal Medicaid support at ASES, resulting in less required General Fund / TSA support.

Net Cash Flow - YTD Actuals

1.) Federal Fund inflows of \$9,199M represent 39% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net surplus of \$534M (pg.13) contributing to the \$4,203M cash build in FY19. State fund cash flows account for the remainder of the forecast with the primary positive drivers being strong General Fund collections and on-budget spending.

Puerto Rico Department of Treasury | AAFAF*FY19 TSA Cash Flow Actual Results - Footnotes*Footnotes:

- (a) Represents FY2018 actual results through June 22, 2019.
- (b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI.
- (c) These revenues are collected by DTPR and immediately appropriated.
- (d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, and others. Additionally, as of the date of this report, the "Other State Collections" line item includes approximately \$727M in unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to "General Collections" as appropriate once this information becomes available.
- (e) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).
- (f) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.
- (g) FY 2019 includes \$84mm of garnishments and \$800mm in Federally Funded Employee Retention Credits.
- (h) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of \$147M.

General Fund Collections Summary

Key Takeaways / Notes

- 1.) The government is still evaluating total collections to determine the nature of certain YTD variances. Due to the on-going transition of various gross tax collections from Hacienda Colecturia to SURI, revenue concept detail for April general tax SURI collections is not available at this time, resulting in unallocated TSA Collections of approximately \$727M.
- 2.) SUT Collections variance is mostly due to \$412M in COFINA Plan of Adjustment settlement amounts received throughout the week ended February 15, 2019 in accordance with the approved Title III COFINA Adjustment Plan. This variance is mostly temporary, as these inflows were originally projected in June.

Non-General Fund Pass-Through Collections Summary (a)

Key Takeaways / Notes

- 1.) YTD variance mainly relates to HTA pass-through collections of gasoline and deisel taxes. The variance is assumed to be temporary at this time and may be partially due to revenues that are currently unclassified and not allocated.

Sales and Use Tax Collections Summary

Key Takeaways / Notes

1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. Before the COFINA Plan of Adjustment ("POA") became effective, the PSTBA cap for FY19 was \$783 million. Now the cap for FY19 is \$420 million. Once the PSTBA cap is met, the full 10% is deposited into the General Fund. The original PSTBA cap was reached in January 2019. The COFINA POA became effective in February 2019, after which, the excess FY19 funds deposited in the COFINA account was remitted to the General Fund along with \$44 million in collections from prior years. This chart has been updated to better reflect the flow of funds when the COFINA POA became effective.

Federal Funds Net Cash Flow Summary

Key Takeaways / Notes

1.) Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements to NAP and ASES. There may be a lag between receipt of federal funds and subsequent pass through outflows. Federal Funds received for Employee Retention Credits are typically received and passed through to the appropriate entity within one business day that funds are received. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement, though timing differences due to carryover vendor payments from prior years may create temporary surpluses. Federal funds are received for disaster related spend once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.

Footnotes

- The Liquidity Plan incorporates actual results through December, hence there is no variance prior to week ended 1/4/2019
- Gross Payroll is equal to the sum of: (i) Net Payroll by Agency from the DTPR RHUM system; (ii) Other Payroll allocated by Agency based on the FY2019 budgeted amount for total payroll by agency. The aforementioned allocation of Other Payroll is used because the information is not available by agency. Gross Payroll cash disbursements excludes cash outlays for wage garnishments by Agency as this data is not available at a detailed level on a timely basis.

Appropriations Summary

Key Takeaways / Notes

- 1.) General Fund appropriations are generally executed throughout the year on a consistent basis each month and therefore largely in line with forecast. The majority of the YTD variance relates to Special Revenue Fund pass-throughs, some of which is due to catch-up distributions for revenues collected in prior years.

Tax Refunds / PayGo and Pensions Summary

Key Takeaways / Notes : Tax Refunds

1.) YTD Employee Retention Credits were less than projected, though there is no net cash flow impact as all Employee Retention Credits issued were supported by federal fund inflows. Tax Refunds in excess of Liquidity Plan are due to (i) an increase in the rate of processing returns and issuing refunds when compared to the prior year; and (ii) refunds issued include returns from previous years not considered in the Liquidity Plan.

Key Takeaways / Notes : Pension PayGo

1.) The Liquidity Plan did not consider PayGo receipts from municipalities nor PayGo payments related to prior year debts from public corporations in its projections, which are the main drivers of the positive PayGo variance. YTD Pension Outflows variance is temporary, and is expected to reverse in subsequent weeks.
